Notes:

1. These construction phasing plans have been prepared to illustrate possible site layouts for the principal construction phases. Contractors may choose to lay sites out differently during construction depending on their preferred construction methods subject to any controls imposed through the planning submission and approval process.

2. Traffic management plans for construction phases of the work will be submitted to the appropriate authority for approval. Where appropriate, outline traffic management arrangements are shown.

3. Utility requirements for the construction of the works will be agreed with the relevant utility company.

4. Additional noise mitigation, including noise barriers may be required but is not shown on this drawing.
