The drawing represents a proposed landscape plan for the Thames Tunnel Project. The purpose of constructing and operating the Thames Tunnel is illustrative of what will be required for the Thames Tunnel Project. The information shown on the drawing for the purpose of Phase Two consultation on the Proposed Section and South Elevation drawings is illustrative of what will be required for the Thames Tunnel Project. The information shown on the drawing is illustrative of what will be required for the Thames Tunnel Project. The information shown on the drawing is illustrative of what will be required for the Thames Tunnel Project.

The Thames Path is shown on the drawing. Proposed trees and existing trees within surveyed area are indicated.

Phases of landscaping are shown on the drawing. All fixed and movable features are subject to change as a result of Thames Water's consideration of the responses received to Phase Two consultation.

This drawing is a working draft plan which has been produced to provide a visualisation of the proposed works. The information shown on the drawing is illustrative of what will be required for the Thames Tunnel Project. The information shown on the drawing is illustrative of what will be required for the Thames Tunnel Project.

The drawing is marked as "For Information."
