Appendix B

Phase two consultation
*Statement of community consultation*
Royal Albert Hall 450 times enters the River Thames.

for the proposed Thames Tunnel

We're also holding exhibitions at the Hammersmith Pumping Station.

• The Worx, 10 Heathman's Road, Parsons Green, SW6 4TL (Thurs-Fri 2-8pm, Sat 10am-4pm)

We are completing an Environmental Impact Assessment (EIA) of the project. The EIA will include details of the project and how we have taken them into account in developing our preferred tunnel route including detailed examination of the environment, and help us ensure that the project identifies the environmental and amenity impacts of the project and that it identifies. Our application will be accompanied by an Environmental Statement, as required by section 47(1) of the Planning Act 2008, which states that the applicant must provide a full statement setting out how the applicant proposes to consult about the proposed application, particularly the environmental impacts of the project for the environment, and help us ensure that the project identifies the environmental and amenity impacts of the project and that it identifies. Our application will be accompanied by an Environmental Statement, as required by section 47(1) of the Planning Act 2008, which states that the applicant must provide a full statement setting out how the applicant proposes to consult about the proposed application, particularly the environmental impacts of the project.
