Preliminary environmental information report

Figures
Volume 18: Heathwall Pumping Station site assessment

Regulations 2 and 10 of the Infrastructure Planning (Environmental Impact Assessment) Regulations 2009
Phase two consultation documentation

General
• Your guide to phase two consultation
• Why does London need the Thames Tunnel?
• Feedback form
• Equalities form
• Customer overview leaflet

Technical documents
• Air management plan
• Book of plans
• Code of construction practice Part A: General requirements
• Consultation strategy and statement of community consultation
• Design development report
• Draft waste strategy
• Interim engagement report
• Needs Report
• Phase two scheme development report

Project information papers
• Build
• Changes
• Consultation
• Design
• Environment
• Funding
• Managing construction
• Odour
• Options
• Overflow
• Regulatory framework
• Route and tunnel alignment
• Route to consent
• Settlement
• Site selection
• Timing
• Transport

Site information papers
• Abbey Mills Pumping Station
• Acton Storm Tanks
• Albert Embankment Foreshore
• Barn Elms
• Beckton Sewage Treatment Works
• Bekesbourne Street
• Blackfriars Bridge Foreshore
• Carnwarth Road Riverside
• Chambers Wharf
• Chelsea Embankment Foreshore
• Cremorne Wharf Depot
• Deptford Church Street
• Dormay Street
• Earl Pumping Station

Preliminary environmental information report
• Report on phase one consultation
• Site selection background technical paper
• Site selection methodology paper
This is a working draft plan which has been produced for the purpose of phase two consultation on the Thames Tunnel project. The information shown on the plan may change as a result of Thames Water’s consideration of the responses received to phase two consultation and any further design development that is carried out.
