- Jackie Stachura
- Donna VanSchaik

We started 2010 off with a bargaining session on January 5. Our Union Committee submitted some additional proposals and some counter-proposals to the Management team. Conversations, across the bargaining table have been respectful and productive. The Nurses on our Union Committee have been addressing issues raised with knowledge and eloquence, and while we are still far apart from Management on some issues, we are closing the gap on others.

"It's nice to see an open dialogue between the NMH RNs that make up our HPAE Negotiating Committee and the NMH Management Team. It is becoming more apparent that there are tremendous inconsistencies in the way policies are carried out throughout our facility. The best thing is that both sides are working together to make NMH a better place." Lisa Arbolino

Additional negotiating sessions are scheduled for January 21, February 4, 9, 23, March 11, 16 and April 6, 13, 15 and 22.

We have not yet submitted proposals on staffing or floating or wage and other economic proposals. For a more detailed update and a clearer picture of where we believe we heading in these, negotiations please join us at our next -

General Meeting

January 28

5p & 7:30p

Tri-Co Federal Credit Union

Route 206
